

## **Doric Shipbrokers is using TELiX Shipbrokers Suite to automatically track vessels, positions, orders and manage a large amount of messages in Chartering and SnP**

Doric Shipbrokers S.A was established in Greece in 1994 as a comprehensive dry cargo brokering company. The company represents numerous Ship Owners trading their vessels worldwide, as well as cargo interests, predominantly in the Dry Cargo sector.

Doric, believing that the best vision is insight, focuses on accumulating knowledge, sharpening skills to better serve its clients and maintaining integrity and ethics in the shipping industry.

Doric Shipbrokers has selected TELiX Shipbrokers Suite by LgMAR to achieve its goals, to improve the effectiveness and promote the best possible level of service and performance.

“We receive a great volume of information daily in both Chartering and SnP. TELiX Shipbroking Suite handles this information efficiently and facilitate us to search fast and accurately. TELiX is a valuable tool in our daily transactions and we have found the company to be innovative in addressing our needs. They are ahead of the curve when it comes to broadening the tools and services offered” says Mr. Vasilis Mouyis co-founder of Doric.

*LgMAR is a software company founded in 1989 by a team of dedicated experts in computer science and maritime business. LgMAR with the TELiX system introduced email to the maritime industry and nowadays is part of a greater TELiX Suite which includes Fleet Tracking and Performance Monitoring, Vessels' Position List, Orders List, Cargo/Port/Company Information and Vessels Sale &Purchase. LgMAR is recognized as a leading company in email software with several hundreds of installations and thousands of satisfied users in Greece, Europe, North and South America, Far East and Middle East.*
