New Message Notifications

Use "Tools | Notifications Options" to get notified for new messages. Brief and non-obstructive notifications appear in the lower right corner of your desktop screen.

❶ Select this option to blink the Browser title upon new message.
❷ This option will show brief notifications for new messages (i.e. like ❹).
Notifications appear upon new message arrival and auto close after a while.
❸ Select if a notification sound upon new message or no sound at all.

LgMAR is a software company founded by a team of dedicated experts in computer science and maritime business, to develop highly specialized software in the area of telecommunications. LgMAR is recognized as a leading company in communications software with several hundreds of installations and thousands of satisfied users. Clients are based mainly in Greece, but also in a number of other world regions (Europe, North and South America, Far East, Middle East) mostly in the Shipping related section (Ship Owners, Ship Managers, Ship Brokers, Ship Agents, Operators, Banks, Insurance Brokers, Manning Agents, Transport Companies, etc.)
