

How to put colours in catalog

Messages in catalog can be differentiated from other messages if colouring is used.

STEP 1

				s	elect Optior Catalog,Colc	ns, ors

Explanation:

1. Click on the Tools menu and select Options, then Catalog and finally Colors	
--	--

Explanation:

1.	Messages can be coloured according to their status (Incoming, Outgoing, Error, Own). Tick to select the status group to be coloured.
2.	Select colour. In the Recent box, the most recent colour chosen is displayed first followed by all the colours previously tested.
3.	Click "OK" to keep the colour selected.
