

## Windows Telix Suite

### **iTelix April 2019 update includes:**

Message classification, Address book notes (F5 F6 F7)  
and a fresh search menu.

We would like to thank Telix users for their positive comments and great ideas.

Every one of your suggestions makes iTelix better, smarter, faster, easier to use and focused on shipping/maritime needs.

You may upgrade the free application **iTelix** from iTunes or Google Play stores to enjoy the new features and enhancements:

These new features add to the existing iTelix App functionality like:

-  Friendly and easy to use, close integration with Omni Web and WT3 Desktop Telix
-  Ultra-fast and reliable even with weak connections.
-  Text to speech, your phone will read aloud your incoming messages
-  Phone calls directly from your Telix address book
-  Select between messages of high interest, VIP senders, urgent projects or everything
-  Print messages from your phone
-  Useful and clear push notifications about new messages and alarms.
-  Use your mobile device to take a picture and attach directly to iTelix
-  Vibrant text avatars, assist users to quickly identify senders of the messages.
-  Search any message or and/or use any save search selection
-  Touch screen gestures, optimized for mobile devices and users on the go.
